

Dr hab. Henryk Teisseyre is the laureate of the Advanced Research Program- External campaign 2022 competition announced at the Université Côte d'Azur

The program was aimed at scientists from outside France and aimed at supporting original and very high-level disciplinary research. The funding of the project entitled: Dipolar exciton fluids on high-quality GaN substrates (DIPEX) is intended for a 8-month cooperation with Benjamin Damilano in the laboratory "Center de Recherches sur l'HétéroEpitaxie et ses Applications (CRHEA)", at Université Côte d'Azur in France.

Dr. Roger Andreas Kalvig received funds under the MINIATURE 6 competition in the amount of PLN 49,550 for the realization of the project entitled "Distribution of local magnetic fields in a magnetically ordered topological insulator".
